Summary

Front-End Developer skilled in React.js and Angular, with experience in creating responsive applications, improving performance, and delivering innovative solutions in Agile environments.

Experience

Refread

Front End Developer

Remote
July 2024 - October 2024

- Developed scalable and reusable Angular components, enhancing web application performance by **30%**.
- Streamlined API integration for front-end applications, reducing data-fetching latency by **20%**.
- Spearheaded UX improvements, achieving a 15% boost in user retention and a **25%** rise in engagement.
- Conducted code reviews and implemented best practices, reducing bugs by **25%**.

Thor Solutions

Front End Developer

Hybrid
October 2023 - May 2024

- Designed and implemented responsive web interfaces using React.js and TailwindCSS, increasing user interaction by **40%**.
- Collaborated with UI/UX designers to optimize user journeys, boosting satisfaction scores by **25%**.
- Reduced page load times by **30%** and enhanced website responsiveness using advanced optimization techniques.
- Participated in Agile sprints to deliver feature updates, contributing to a **20%** reduction in project timelines.

Projects

Personal | Evento

evento-event-nine.vercel.app/

March 2024 - April 2024

- **Project Development:** Utilized Next.js, TypeScript, Prisma, Zod, and Framer Motion to build an event project.
- **Data Fetching with Prisma:** Enabled users to search for events by city through seamless data fetching.
- **Server-Side Rendering:** Enhanced performance by implementing server-side rendering with Next.js, improving load speed by **20%** for listings and details.
- **User Interaction Improvements:** Increased engagement by **15%** through smooth animations and transitions using Framer Motion.

Personal Project | Real Estate App

estate-app-bice.vercel.app/

January 2024 - February 2024

- **Interface Development:** Leveraged React.js and Tailwind CSS to create a responsive interface for the Real Estate Application, achieving a **25%** improvement in user engagement.
- **Database Optimization:** Enhanced Firebase Realtime Database for efficient listing storage, leading to a **20%** increase in data retrieval efficiency.
- **Intuitive Filtering:** Designed user-friendly filters for property searches, resulting in a **30%** improvement in user satisfaction.

Education

B.Tech in Electronics and Communication Engineering

NSUT East Campus Formerly (AIACTR) • 8.3 CGPA

New Delhi,India
2023

12

SBBM Govt. Sarvodaya Vidyalaya • 7.2 CGPA

New Delhi,India
2019

Skills

Core Front-End Skills: React.js, Angular, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Bootstrap, TailwindCSS

Styling and Animation Tools: GSAP, Framer Motion

State Management: Context API

API and Database Integration: RESTful APIs, Firebase, Supabase, Prisma, MongoDB

Programming Languages: JavaScript, TypeScript, Python, C++

Development Tools: Visual Studio Code, Git, GitHub, Webpack, Babel

Deployment Platforms: Vercel, Netlify

Other Skills: Responsive Design, Cross-Browser Compatibility
